Supplier Terms - Trailworks Equipment Co.

This document records the trading terms agreed between Harbor Goods and Trailworks Equipment Co., referred to here as Trailworks. Trailworks supplies backpacks, including the Harbor Line backpacks made for our own brand, as well as trekking poles, cooking stoves and headlamps. These terms apply to every purchase order Harbor Goods sends to Trailworks from 1 February 2026 until 31 January 2028.

Ordering

Every order must be placed with a Harbor Goods purchase order. The minimum order value is 4,000 USD per purchase order, measured before freight. Trailworks does not accept orders below the minimum. Harbor Line backpacks must be ordered in multiples of 24 units per color. Trailworks confirms each purchase order in writing within 3 business days.

Prices

Prices are reviewed every six months, in January and July. Trailworks must give 90 days written notice of any price change, and a change never applies to purchase orders already confirmed.

Payment terms

Payment is due net 45 from the invoice date. Trailworks does not offer an early payment discount. Invoices must show the Harbor Goods purchase order number and are issued on the day the goods leave the Trailworks factory. Payment is made by bank transfer in US dollars.

Delivery

The standard lead time is 35 calendar days from confirmation of the purchase order to delivery at the Harbor Goods warehouse. For Harbor Line backpacks, the lead time is 50 calendar days. Harbor Goods pays the freight on all orders, unless an order is worth 10,000 USD or more, in which case Trailworks pays the freight.

Late delivery

If a delivery arrives later than the confirmed date, Trailworks credits Harbor Goods 2 percent of the purchase order value for each full week of delay, capped at 10 percent of the purchase order value. Harbor Goods may cancel any part of an order that is more than 6 weeks late without paying for it.

Packaging and labels

Each carton must carry a label with the Harbor Goods SKU, such as HG-PACK-450, the quantity and the purchase order number. Cartons must not weigh more than 40 lb.

Defects

Harbor Goods reports manufacturing defects to Trailworks within 30 days of receipt. Trailworks replaces defective goods in the next shipment and does not issue cash credits unless the item is discontinued. Harbor Goods holds defective goods for collection for up to 60 days.

Warranty support

Trailworks reimburses Harbor Goods for approved warranty claims on Trailworks products for up to 1 year from delivery to the customer, and for up to 5 years for Harbor Line backpacks.

Ending the agreement

Either party may end these terms with 120 days written notice. Purchase orders confirmed before the notice date must still be delivered and paid for.
